

## **Hunting Opportunities on Otonabee Conservation Lands**

Otonabee Conservation allows hunting on 8 of its properties. Depending on the property, you may hunt for waterfowl, white-tailed deer, black bear, turkey and small game.

Please be advised that wheeled motorized land vehicles (i.e. ATV), drones, trail cameras and the construction of deer stands and hunt camps (temporary or otherwise) are strictly prohibited. Additional restrictions apply to some properties where hunting is allowed – these restrictions are noted below.

### **Licences and Permits**

Hunters must possess a valid hunting licence as issued by the Ontario Ministry of Natural Resources and Forestry.

Hunters must possess a valid Hunting Permit, issued by Otonabee Conservation. You may apply for a hunting permit by completing the Hunting Permit Application Form.

Hunters must also be a member of the Ontario Federation of Anglers and Hunters and be able to provide proof of membership to Otonabee Conservation upon request. Membership in the OFAH includes insurance coverage, which is required to hunt on Otonabee Conservation designated hunting properties.

### **Hunting Opportunities on Designated Lands and Applicable Restrictions**

#### **Birdsall Wildlife Area**
