The information on this form is being collected to assist the Otonabee Region Conservation Authority (ORCA) staff in determining the requirements which affect development on the subject property. Further information may be required by ORCA in order to process this file, the costs of which will be borne by the applicant or their agent. This information may include details related to wetlands, floodplains, hydraulics, slope stability or stream systems. Once completed, all studies become the property of ORCA and the information may be used by ORCA, its member municipalities and partners.

This Inquiry does not constitute an Application for a Permit, under Section 28 of the Conservation Authorities Act, R.S.O. 1990 Chapter C27.
